Why Have a Cocaine Anonymous Archive?

"Protecting C.A.'s Future By Preserving C.A.'s Legacy"

"If we fail to understand our history, we are doomed to repeat it."
Part I - Importance of the C.A. Archives

What would the world look like without Archives?

The Importance of the C.A. Archives

In March 2001, two Buddhist statues, the largest in the world and nearly 1500 years old, were blown up in Afghanistan by a group associated with the Taliban. The niches that housed them were now totally empty. The destruction is a big loss not only to Afghans, but to all human beings, since the Bamiyan Valley has a long and rich cultural history that significant to people with different cultural backgrounds.

**mnemnocide**: ne-MO-side — the deliberate destruction of records and documents — the destruction of memory.

The destruction of archives and records is a destruction of the unseen, not of flesh and blood but that of the soul of a people. – Patricia Sleeman “Cultural Genocide”
The Importance of the C.A. Archives

The Archives of Cocaine Anonymous holds valuable documentation about our actions and accomplishments.

The C.A. Archives are intrinsic to our collective memory which establishes and maintains our group identity as a Cocaine Anonymous fellowship.
The C.A. World Service Archive Committee collects, preserves, catalogs and re-presents the historical record of C.A.’s World activities.

Our archives can tell us more about our membership, our committees, our procedures and most importantly how we got from way back when to where we are now, which can have a tremendous bearing on where C.A. headed.

Our C.A. Archive can tell us stories and increases our sense of C.A. identity and helps us to understand of our fellowship, both locally and globally. This dynamic not only focuses our C.A. identity, it also facilitates C.A. Unity.
We, as a World Service Committee and those of you as Archivists in your respective Areas have done much to collect and preserve C.A.’s history.

C.A. is an expanding global concern and our responsibility to preserve and protect C.A.’s legacy leaves us with much to do.

If you are not already involved in C.A. Service, please consider joining us in the Archives, either at the Group, District, Area or World level and play an integral part in protecting C.A.’s future, by preserving C.A.’s past.
Cocaine Anonymous Archiving Goals

- Create a District/Area Archive Committee
- Develop an archives policy: clearly define its purpose, goals and the type of material it will acquire.
- Collect appropriate C.A. material: actively gather records from the District/Area/Group and the C.A. Fellowship at large.
- Be responsible for the archival holdings: know what material is in the archives and where it came from; storing the archives properly and securing it against theft, damage, and environmental or human hazards.
- Make archival materials available for use by the C.A. fellowship.
Part II
Building a C.A. Archive Committee
RECRUIT, EDUCATE, ACTIVATE
THE ARCHIVE COMMITTEE

**Tradition Nine:** C.A., as such, ought never be organized; but we may create service boards or committees directly responsible to those they serve.

**An Archive Committee ought to be comprised of:**

1. **ARCHIVE CHAIR** – Elected by the District or Area Service Committee
2. **ARCHIVE VICE-CHAIR** – Elected by the Archive Committee
   a. Ideally, this position is groomed for the Archive Chair’s position when they rotate out.
3. **ARCHIVE SECRETARY** – Elected by the Archive Committee
4. **COMMITTEE MEMBERS** – C.A. Members who wish to participate in a C.A. Service Committee.
5. **ARCHIVIST** – Elected or Appointed by the Archive Committee or by the District or Area Service Committee.
THE ROLE OF AN ARCHIVE COMMITTEE

• To Liaise with the fellowship
  – Establish working relationships with the District or Area Committee Chairs and Secretaries

• To make the Archive Accessible to the fellowship
  – History of C.A. Firsts
  – C.A. Virtual Museum
  – C.A. Documents Library

• Rotating Positions

• Be C.A. Elders Statespersons

• The Archive Committee ought to maintain final responsibility and authority for the uses of the archives, as well as all other matters of policy through its group conscience.
THE ROLE OF THE ARCHIVIST

Who Should Be Selected for the role of Archivist?

A C.A. Member WHO IS TO SERVE as a focal person for the collection/repository. Responsible for collecting, preserving, and cataloguing the Archival collection.

From shared experience we know that it takes a considerable amount of time to become familiar with a collection of historical information. **Therefore, it is not recommended that the archivist rotate frequently.** *(A.A. Archives Workbook, 2001)*

*Note: In compliance with Tradition Eight, the A.A. Archives at the G.S.O. is under the direction of a professional archivist. – (The A.A. Service Manual 2014-2015 Edition p. S80)*

**Tradition Eight:** Cocaine Anonymous should remain forever nonprofessional, but our service centres may employ special workers.

- Be a C.A. Elder Statesperson
- Liaises with the Archive Committee
- Collects, Preserves and Catalogues the collection.
- Be a Guardian of the Repository
- Be a Voting Member of the Archive Committee
RECRUITING AN ARCHIVE COMMITTEE

• Seek out previous and current District and Area Service Committee Chairs & Secretaries
  – They understand the value and importance of minutes, documents, records and they have C.A. Committee experience

• Attract potential committee members at Area Events with Archival Displays. Generate a “buzz” about C.A.’s history.

• Give Archive Committee Reports & Updates at your District & Area Service Committee Meetings.

For Your C.A. Area or District

• Acquisition

Correspond with all Area C.A. Committees and your local C.A. Fellowship to acquire items from early members and trusted servants.

Develop a presence for archival items to be displayed at District, Area and Regional Conventions.

Digital Archival Acquisitions

Digital (D): Electronic Files: .pdf, .docs, .png, .tif, .ai

Folder File structure: Hierarchical file structures can add additional organization to your files. As with file naming use whatever makes most sense for your data.

• Top Level - Your_Area_Archives
  • Sub-Folder 1 (Area_Project)
    • Your_Area_Minutes
  • Sub Folder 2 (Area_Project)
    • Your_Area_Meeting_Lists

File naming best practices: Descriptive file names are important to organizing, sharing, and keeping track of data files. Develop a naming convention based on elements that are important to the project.

• Files should be named consistently
• File names should be short but descriptive (<25 characters)
• Avoid special characters or spaces in a file name
• Use capitals and underscores instead of periods or spaces or slashes
• Use date format ISO 8601: YYYYMMDD
• Include a version number
• Write down naming convention in data management plan (see docs.ca.org)

Elements to consider using in a naming convention are:

• Date
• Area i.e. SOCA (Southern Ontario C.A.)
• Committee i.e. Area, District, Group Name
• Project i.e. “Area Minutes”
• Version i.e. Draft, Approved, Final, Redacted, v1, v2

Example:

YYYYMMDD_Your_Area_Minutes_Version.file-type

• 2020-12-05-soca-area-minutes-final.pdf
• 2020-12-05-soca-area-minutes-redacted.pdf
• 2020-12-05-soca-area-minutes-unapproved.pdf
Cataloging Your Archives

Each member of the Archive Committee ought to be assigned some part of the archive and be responsible for sorting items by type. For example:

- **Catalog Number:** e.g. SOCA-123-T
- **Code:** (T) Textile
- **Title:** 2009 Black, Short-sleeve t-shirt.
- **Type:** C.A. Convention 2009 Memorabilia.
- **Description:** Original. Used as a fundraising item for the 2009 C.A. Convention.
- **Location:** Box #, Garment Bag #, Banner Tube #

Each item ought to be added to a C.A. Archive Ledger, which will be attached to each box identifying the contents of each box.

Keep a master archive ledger or spreadsheet, containing details of all entries, boxes, linen bags, etc.
Protection & Preservation

Your archival collection ought to be stored in an area that:

**Fire-resistant:** fire extinguishers, smoke and heat detectors, free from possible flooding or water damage. Keep all archival materials on shelves and off the floor.

Insects (moths, larvae), rodents, mold/fungus resistant.

**Controlled Environmental Conditions:** Consistent in temperature and humidity: Use a dehumidifier or air conditioner to control the temperature.

**Control natural and fluorescent light:** Use curtains, shades, light filters, or incandescent lights.

**Large enough room for your current archives and for new acquisitions:** Expect a growth rate of 10% a year for five years.
Protection & Preservation

**Pulp (P):** Items such as, fliers, newspaper, magazine articles, tickets, photographs, ought to be digitally scanned (if there is no associated electronic file).

Documents ought to be placed in acid-free Mylar sleeves and stored in either binders or acid free boxes.
Protection & Preservation

Textiles (T):

All fabric items - T-shirts, jackets, hoodies, sweatshirts, sweat pants, shorts, boxers, polo, baseball, soccer, et al shirts, ball caps, quilts, cloth banners, bandanas, towels, etc.

Fabrics ought to be clean and hung on padded fabric hangers (without putting strain on the shoulders, collar, or sleeves) and stored in linen clothing bags or archival fabric storage boxes.

Dangers to all textiles include: light (both artificial and daylight), dirt, dampness, insects, and excessive heat.

For long-term storage, find a space that is dry and dark with a cool, even temperature.
Protection & Preservation

Digital (D):
The idea of having four redundant systems for saving the Archive of your Area/District can be illustrated as follows:

1. The computer on which the Archive is saved
2. The cloud backup in which the Archive information is saved
3. The external hard drive on which the Archive information is saved
4. An “M-DISC” which is a disc much like a CD that has more storage and will last 1000 years

With 4 redundant systems, the chance of losing the majority of the Archive through corruption or total system failure is significantly decreased.
