PROPOSAL FOR WORLD SERVICE CONFERENCE VENUES

The Request For Proposal (RFP) Subcommittee forms on an Ad-Hoc basis when Conference Hotel bids are required. This subcommittee disbands when Hotel comparison documents are submitted to the World Service Conference Committee for final review and approval.

The purpose of this subcommittee is to research prospective Conference venues, keeping in mind that the Conference is first and foremost a business meeting. The subcommittee is tasked with researching, developing, and investigating potential host venues to provide the most value to the fellowship as a whole. The subcommittee accomplishes this with C.A. World Services in mind with no preference or bias given to individual Regions, Areas, or Districts. Issues of utmost concern are total actual cost to the fellowship and individual delegates, Fellowship population centers, travel times and time-zone changes, fostering Unity and Fellowship, and encouraging Growth of our Organization as a whole. All Conference bids shall go through the RFP Subcommittee prior to being submitted to the Conference Committee, and the Conference as a whole.

Individual Areas are encouraged to participate in this process. That is best achieved by working with the RFP Subcommittee; however, Areas are free to work independently of the RFP Subcommittee. These bids for Conference venues will still be researched, developed, and investigated by the RFP Subcommittee in the same manner as any other hotel being considered. If it is determined that these Area bids meet the criteria for advancement in the process, the RFP Subcommittee will do so. If it is determined that the bid does not meet the advancement criteria, the RFP Subcommittee will inform the Area that the bid is no longer being considered. These activities are conducted as outlined in the *WSC CONFERENCE COMMITTEE GENERAL GUIDELINES*, Items 2 and 3 of this document.

These are general guidelines and may be modified dependent upon the particular circumstances at the time venues are being reviewed. The basic process and timeline for the RFP Subcommittee is as follows:

- 1) At Conference prior to an RFP year, the WSC Conference Committee should include in its Conference Report that next year will be an RFP year and notify all delegates that any area interested in potentially submitting a bid should contact the WSC Conference Committee for further instructions.
- 2) Immediately following the close of Conference 1 year prior to the RFP requirement, the WSC Conference Committee will initiate the RFP Sub-Committee and elect a sub-committee chair.
- 3) It is suggested that the RFP Sub-Committee be formed with members 11 months prior to the next Conference, approximately October 1st of that year cycle. Participation on this Sub-Committee is open to any member of C.A. that wished to participate. It is suggested that the current Conference Coordinator and the WSOB Director of Conferences and Conventions serve on this Sub-Committee. The committee should spend approximately 2 months researching potential venues and developing an

applicable RFP document for that particular year's needs. These activities should be completed by December 31st of that particular year cycle. If an individual area is interested in submitting a bid for Conference and has decided to work with the RFP Sub-Committee, it is suggested that they join the Sub-Committee during this time.

- 4) On approximately January 1st of that year cycle, potential venues should be contacted using a pre-qualification document to establish base level requirements for Conference. Many factors should be taken into consideration at this point; however, it does not need to be a lengthy or detailed document. Careful consideration should be taken for respect of Sub-Committee member and potential venues' valuable time. If a venue is not able to accommodate the initial needs of the Conference, there is no need to send them an RFP.
- 5) At the pre-qualification stage, potential items of consideration are as follows:
 - a. Hotel Venue Size and Space Accommodation
 - b. Proximity to international "Hub" airports
 - c. Proximity to a C.A. Fellowship
 - d. General experience or Conference/Convention style hotels
- 6) Pre-qualification Proposals from prospective venues should be due back to the Sub-Committee by February 15th of that year cycle. Depending on the number of proposals received that advance to the following stages; the Sub-Committee may decide to continue venue investigation or close prospective venues at that point. If an individual area is interested in submitting a bid for Conference and has decided to work independently of the RFP Sub-Committee, it is suggested that they follow this same procedure. If possible, it is requested these Areas submit their bids to the Sub-Committee at this time to allow for proper review.
- 7) Once all Pre-qualification Proposals have been received, the Sub-Committee will review the offerings to determine a "Short List" of 5 to 10 venue finalists. This number may be more or less depending on responses that cycle year; however, this is the target. At this stage, additional items of consideration are as follows:
 - a. Room Rental Rates
 - b. Food & Beverage Requirements
 - c. Meeting Space rental cost (if applicable)
 - d. General willingness of the venue to host this event
- 8) Upon completion of the Finalist "Short List", a detailed Request For Proposal (RFP) document will be sent to the targeted venues by approximately March 15th of that year cycle. This detailed RFP will include all pertinent requirements for Conference for the years being bid on. The proposals received back from the venues will become the basis for the Hotel Contract if awarded, so it is important that all information be submitted to, and received back from, the potential venues.

- 9) The final Venue Proposals should be received by the Sub-Committee no later than April 30th of that year cycle. Any Area working on a bid independently of the Sub-Committee must submit their final bid to the sub-Committee no later than April 30th of that year cycle.
- 10) The sub-Committee will review all of the final proposals to reduce the "Short List" to 5. This number may be more or less depending on responses that cycle year; however, this is the target. The "Short List" must have at least 3 potential Bids. At this stage, potential items of consideration are as follows:
 - a. Room Rental Rates
 - b. Food & Beverage Requirements
 - c. Meeting Space rental cost (if applicable)
 - d. General attendee travel costs to the potential venue
 - e. Relative location, time of travel and time zone changes for attendees
 - f. Other potential costs for attendees in the venue host city (ie: cost of living indexes, proximity to food/services, etc)
 - g. General willingness of the venue to host this event
- 11) The final report of the Sub-Committee is to be presented to the WSC Conference Committee no later than one week prior to the May WSC Conference Committee Meeting (Approximately May 15th) of the year cycle. In the event that there are more than 3 potential bids, the WSC Conference Committee shall determine and vote on the final list of 3 Bids. In the event there are only 3 bids, the WSC Conference Committee shall vote to ratify the list as is.
- 12) The WSC Conference Committee shall include the Final List of 3 Bids with the SR14 package to go out to all delegates of the WSC. The information will then be presented during the WSC Conference Committee Report along with the WSC Conference Committee recommendation. All three bids will then be voted on in a manner determined by the Conference Chair; however, it is suggested that a simple majority vote be used to make the final decision.

Please contact the WSC Conference Committee if interested in the RFP details at conference@ca.org. It is understood that these are reference documents and may be partially or fully modified by the RFP Sub-Committee or Areas independently submitting bids based on the specific needs of the year cycle.
