Help Write The Next CA Book!

Hope, Faith and Courage Volume II is currently being typeset in preparation for sending it to the publisher. We are very excited about having a new book available to help carry the CA message of recovery, in essence, a literary 5th Tradition. This book would not have been possible without contributions from members of the Fellowship who were willing to take the time to write their stories.

We have a longstanding tradition of our literature being written by CA members for CA members. However, *participation* is the key. We have received only a handful of submissions for CA's first meditation book, so we are extending the deadline. Why not take a paragraph or two out of something you've recently

written, such as a journal entry or note to a friend, and put it into the form of a meditation?

What the committee is ultimately working toward is a three-part daily meditation: a quote from Conference-approved literature, followed by a paragraph or two of personal experience, closing with a Thought of the Day. If you're more comfortable submitting only your personal experience, the committee can take it from there. For examples and all the pertinent details, please download the flyer available at www.ca.org. When you e-mail your submission to the World Service Office, please make sure you also print out, sign and have properly notarized the release form so that we have the necessary permission to use

your submission. If you are outside the U.S., please contact your Regional Trustee with any questions about completing the release form.

The Literature, Chips & Format Committee is looking forward to working together with members of the Fellowship eager to contribute to this project. LCF is also always looking for new committee members to work on our many ongoing projects, as we strive to provide our Fellowship with the literature it desires. It is not necessary to be a Delegate or to be able to attend the Conference in order to participate. If you are interested in joining LCF, please write us at lcf@ca.org or contact the WSO.

A Gift of Recovery

"Recovery is a gift... that's why they call it the present."

- Anonymous

Dear Fellow CA's –

During this holiday season of thanks and gift giving, many of us will have occasion to recall what our lives before recovery used to be like, how we found Cocaine Anonymous, and experience perhaps a feeling of immeasurable gratitude for what we have found here. As a result, some of us may be moved to give something back or offer to help CA. Some of us will do the important work of supporting a meeting by taking a commitment, or take some time to speak with a new person after a meeting. This year many of our new European Region members are hard at work on new translation projects to make CA's message available to many languages. Volunteer panel members will choose to travel outside of meetings to Hospitals and Institutions to share the CA message, or even just serve a hot meal to someone who doesn't have anyplace or anyone at this time of year. Still others may choose to be of service to CA by making a financial contribution.

As you may already know, Cocaine Anonymous World Services, Inc. depends squarely on the financial support provided by individual members, groups, committees, districts, and areas for its future functioning and well being, such that the hand of CA may always be extended to the newcomer, just as it was to many of us when we first found CA. Your contribution makes it possible to provide CA materials and information to new meetings, support the needs of members who have no nearby meetings, supply *Hope, Faith & Courage* books and other CA materials to inmates, and produce new media and public information messages so critical to making CA known to those seeking a solution.

If a financial "Gift of Recovery" is something you have considered in the past but were not sure about, I urge you to learn more about our World Service Contribution Program at www.ca.org/contribute.html or call us directly and we'll be happy to talk with you about getting started today. It's safe, secure and confidential and may be deducted from your taxes if you choose.

On behalf of all of us at World Services, we would like to take this opportunity to wish you and yours many thanks and much love for all the ways in which you help to CA to grow and flourish throughout the year both here and abroad.

Happy New Year,
John B., WSOB Chairperson

Trustee Corner

It is with great pleasure that I have begun my first quarter as the World Service Board of Trustees Chair. On behalf of the entire Board, I first want to thank Cynthia C. and Jackie S., whose years of dedicated service will not be forgotten. They both worked tirelessly for our Fellowship and were an important part of our Board. Their thoughts, insight and hard work will truly be missed. I also realize that I am following in the footsteps of a great Chair and will do my best to continue the great job that Cynthia C. did.

As a Board we are looking forward to another challenging and rewarding year. Please remember that we work for YOU. If there is ever any concern that you have, please contact your Regional Trustee or the WSBT Chair, or feel free to email us through the website at www.ca.org.

As I look back and reminisce about my service at the World Service level, for four years as a Delegate and three as a Trustee, and look forward to the next year in service as the WSBT Chair, I am guided by the words of Dr. Bob in his address to the first international convention of Alcoholics Anonymous:

There are two or three things that flashed into my mind on which it would be fitting to lay a little emphasis. One is the simplicity of our program. Let's not louse it all up with Freudian complexes and things that are interesting to the scientific mind but have very little to do with our actual A.A. work. Our Twelve Steps, when simmered down to the last, resolve themselves into the words 'love' and 'service.' We understand what love is, and we understand what service is. So let's bear those two things in mind.

Let us also remember to guard that erring member the tongue, and if we must use it, let's use it with kindness and consideration and tolerance.

*And one more thing: None of us would be here today if somebody hadn't taken time to explain things to us, to give us a little pat on the back, to take us to a meeting or two, to do numerous little kind and thoughtful acts in our behalf. So let us never get such a degree of smug complacency that we're not willing to extend, or attempt to extend, to our less fortunate brothers that help which has been so beneficial to us.**

Dr. Bob died shortly after that talk, but his message still lives in our rooms and in our hearts. In the long form of the Twelve Traditions, the last sentence of the Twelfth Tradition sums it all up:

This to the end that our great blessings may never spoil us; that we shall forever live in thankful contemplation of Him who presides over us all.

Thank you for allowing me to be of service!

Tony D.
Midwest Regional Trustee/WSBT Chair

Service, the Forgotten Art

The World Service Board of Trustees

We have the most interesting service structure known to man, the inverted triangle. Where it all starts is at the top: the groups are in charge. That's where we learn to be of service to our Fellowship. If there are good service leaders in the group (the grateful oldtimers), they are positive, meaningful and ready to participate. They offer the newcomer opportunities to engage in problem solving and to gain knowledge of the specific context of their group's activities and challenges. As a result, service offers powerful opportunities to acquire the habits of critical thinking and spiritual development.

We get off to a good start by learning about the group conscience. We start to hear and want to understand how the structure really works. Now we are ready for our next challenge: Area service. Here we learn how to mix money and spirituality, and to mix with people with different ideas, often people more learned about our Traditions, Concepts and Robert's Rules. At first, we are honored just to hold such a service commitment. We know we can make a difference, taking each challenge head on with Love and Tolerance.

Perhaps we return to our meeting with excitement, but everyone is talking or going

outside during our report. At the next service meeting, there's a lot of debate, voices get loud, and feelings get hurt. The joy of service is gone, we're full of resentment, and the service commitment has now become the service task. Begrudgingly we attend the next service meeting.

Somewhere we have forgotten the art of service; we have forgotten that service treats the spirit. We have forgotten the words of our parent fellowship's co-founder, "For if an alcoholic failed to perfect and enlarge his spiritual life through work and self-sacrifice for others, he could not survive the certain trials and low spots ahead" (*Big Book*). Most people have forgotten that service is a full spectrum. It is more than sponsorship. It is more than being a secretary. It is more than a book study. It is more than workshops! Service is Hospitals and Institutions; service is holding a general service commitment; service is being a World Service Delegate. But most of all, service is from the heart. There is a line from the *Big Book* that says we are to "fit ourselves to be of maximum service to God and the people about us." So, let's not forget this art of being of service to our great Fellowship that has given us more than we can ever give back.

UNITY WORKS – IT SAVES LIVES!

By Joe A.
San Diego, California USA

I can remember how hard it was walking into my first CA meeting. It felt like the hardest thing I had ever done. It seemed to be the longest hour of my life. As others talked and the meeting went on, I couldn't understand a word that was said. My fears, the pain that I felt and the shame I walked in seemed to cover me like a wall of darkness, letting nothing in or out. I didn't feel a part of; I felt doomed and all alone. Then, like a ray of light breaking through the darkness, I saw the smiling face of another member from across the room. They said hello, asked my name, and gave me a hug and a cup of coffee. I was given phone numbers to call when I needed help or just felt alone. I was given a ride home after the meeting and was offered a ride to the meeting the next day. That ray of light gave me hope and made me feel a part of.
